

How to Explore the Historical Panoramas with the touch-screen

Swipe your hand across the screen to scroll from left to right, or right to left, through the panorama. Watch out for some of the blank spaces which have been masked in black – just keep scrolling sideways and eventually you'll get to see the rest of the image.

Tap gently on the on-screen icons to reveal more information about each image, or to move the vantage point to a new location.

“As well as learning to become a pilot, I am studying Leadership Management online. I share the same mood with other people studying in the library.

I use the Wi-Fi and the free computers, I feel safe and have got to know the staff, the library is my second home.”

Yasmin – The Pilot and library user.
